POTTER'S RECEPTION LUCKY AUTOISTS WITH A SHOT GUN A TRIP TO APACHE L. D. S. CONFERENCE THE WAY TO DO IT THE CANDIDATES

One of the Biggest Meetings Ever Held in Globe Favoring Good Roads

Globe doesn't do things half way. Following is a partial report of the reception given Dell M. Potter in that city, published in the Silver Belt.

Dell M. Potter, good roads booster talked to a splendid audience last night. Spectators lined the sidewalks and streets and listened intently from crowded autos and carriages. It was one of the largest good roads meetings ever held in the state.

Potter arrived by automobile from Mesa with M. L. Naguin about 5:30 in the evening. At 7:30 all automobiles and carriages started from the depot headed by Sheriff Frank Haynes and City Marshal Pinyan, followed by deputies. Behind the officers was the Globe City Band in auto trucks playing the "Good Roads March." In the first automobile was Dell M. Potter, L. L. Henry, D. L. Meloy and Lamar Cobb. The procession traversed Broad street to the far side of the Pinal Creek Bridge and then turned and countedermarched to the court house. There were about 50 autos in line, 30 carriages and many horsemen. The parade was nearly a mile long.

Arriving at the band stand at the court house, after a selection by the band, Mr. L. L. Henry opened the meeting with an address telling of the work of the Good Roads Association, how the germ of the work originated in Globe and was kept alive by Globe boosters. He then introduced Mr. Potter who was received with much applause.

Mr. Potter started out by complimenting the town on the size of the crowd and expressed his pleasure at seeing so many of the fair sex present, to whom he paid tribute.

After his opening remarks he plunged into a statistical discussion of the benefits of the good roads movement to the people of the United States and gave hundreds of facts and figures to prove his case.

A ROAD MEETING

Will Be Held in the Thatcher Amusement Hall

A good roads meeting is to be held in the Thatcher Amusement Hall to-morrow, Saturday night, at 8 o'clock, with Dell M. Potter as the principal speaker. The meeting is to be held under the auspices of the Graham County Chamber of Commerce, and everyone interested in better roads is urged to be present.

The Chamber of Commerce has invited the owner of every automobile in the county to the meeting, to be held at 8 o'clock Saturday afternoon. The meeting will go from here to Solomonsville, accompanied by the Safford brass band. Then the run will be made to Pima, the band playing in every town, returning to Thatcher in time for the meeting, which promises to be a rouser and accomplish a lot of good.

WILL BE A ROUSER

One of Arizona's Best Speakers Here Wednesday Night

State Senator A. A. Worsley, one of Arizona's strongest democrats will speak in Wickersham Park on Wednesday night, September 25th on constitutional amendments and referendum laws.

Aside from being a good democrat, which should be recommended enough, Mr. Worsley is one of the most attractive speakers in the west. In his talk on constitutional amendments he is sure to go into the woman's suffrage problem, and whether you are for it or against it, you cannot help enjoying the gentleman's talk.

THE BALL GAME

The Valley Team Badly Worsted by the Bunch from Globe

The ball game on Wednesday at the fair grounds in Safford between the valley boys and the Globe team clearly demonstrated that the valley boys were in very poor condition and that the condition of those from Globe was first-class.

The crowd that witnessed the game was small enough to show clearly that only a few really appreciated the efforts of Manager Green and Manager Ryan, of Globe, in bringing about this game.

The very best of feeling prevailed throughout the game, the Globe boys playing good ball all the time, and the valley boys making some magnificent plays occasionally. The score stood 6 to 16 in favor of Globe.

Machine Plunged Over an Embankment at Roosevelt Dam

One of the luckiest accidents in the history of automobilism occurred Sunday when the automobile owned by Haffner & Bertsch and plying between Globe and Miami plunged over the rocks near Roosevelt Dam. That all of the persons in the car were not instantly killed will always be regarded as one of the mysteries of automobilism.

The members of the party were on their way to the Studebaker-Ford picnic which was held several miles below the dam. At the time of the accident Mr. Haffner who was acting as chauffeur was endeavoring to turn around with the car. In some unaccountable manner the brakes failed to hold and the result was a drop of at least fifteen feet. Why the car did not plunge another 150 feet into the water near the dam will always be another mystery to the occupants of the car.

As it was the accident proved serious enough. Albert Lang had his right shoulder dislocated. Henry Barnett received a cut over the eye. Bill Munson was also cut in the forehead. William Kinsman received a slight cut in the mouth. Ed Murphy was also quite badly shaken up.

One of the fortunate incidents connected with the affair was that a couple of Indians from Globe hurried to the spot with their automobile and rendered first aid to the injured. Another detail especially fortunate was found in the fact that Dr. Wales who happened along with his automobile a few minutes later was able to dress the wounds of the injured.

THE SUPERIOR COURT

A Busy Week has Just Passed for all Court Officials

On Saturday last Chas. C. Tyler was arraigned for unlawfully selling a team belonging to Mrs. Veltan, plead guilty and was given an indeterminate sentence from one to ten years.

Monday the jury appeared and the work of empaneling a jury on the Cluff-White arson case was begun. While this was in progress a special venire was summoned. Testimony was taken Tuesday and Wednesday. The case was given to the jury Wednesday night. Thursday morning the jury returned a verdict of not guilty. There are several other informations against these men connected with the fire yet to be tried.

Wm. C. Robinson was tried Thursday for destroying a fume on Ash Creek, and the case given to the jury in the afternoon.

The next case was a civil suit Welker vs Cluff and White, wherein Mr. Welker seeks for damages for the burning of his grain. The trial of the liquor cases, appealed from the Justice court of Central was set for to-day.

THE MEXICAN WAR

A Few Stirring Events in the Southern Republic

El Paso reports are to the effect that it is still unsafe for the American refugees to return to Mexico. A man by the name of McKenzie was murdered at the Mormon colony by the Red Flaggers a few days ago.

A party of colonists were fired on south of Douglas and a man named N. Matson captured. The balance escaped.

El Tigre was captured by the rebels and then retaken by the federalists.

During the battle at Ojinaga a number of rebel officers crossed to the American side and were captured by U. S. troops. Among them was Col. Orozco, father of the rebel leader. It is believed the rebel leader himself also crossed the line, but was not captured. The elder Orozco will be tried for murder.

WHAT SAFFORD NEEDS

What Safford needs now more than anything else is a first-class dentist, one who understands his profession thoroughly and is ambitious to build up a good practice. To such a man Safford offers a fine field with no competitors.

Little Dee Roberts Instantly Killed Last Wednesday Morning

Early Wednesday morning little Dee Roberts, daughter of Mr. and Mrs. Burnham Roberts, was shot and instantly killed at her home in the Artesian Belt.

The weapon was a shot gun, the whole charge of shot passing thru her body, entering at the side and front part of the neck, tearing away a portion of the lower part of the face and part of the neck, coming out between the shoulders.

It is supposed that the girl was playing with a little Mexican boy and that the gun was accidentally discharged. The girl was inside the house when killed, and it is believed that the boy was with her, although he denies having fired the shot or of even being with her when she was killed or having any knowledge of it.

While no one knows anything about how the shot was fired, the fact that the shot ranged downward is conclusive proof that the girl could not have been holding the gun when it was discharged, but that it was in the hands of another person. It is believed that the boy fired the shot while playing but through fright denies it.

MY SALES CLOSED

Completing Two of the Biggest Ever Held in this Valley

Tomorrow closes the great Welker & Co. sale, which makes two that I have given in the valley. Through my sales I have given the people the benefit of thousands of dollars savings on the goods purchased. Both Welker & Co. and Mr. Branham lived strictly up to their agreement on cut prices and gave the people the benefit.

I wish to thank the people of the valley for the confidence they have placed in me and for the courteous treatment accorded me, and I also wish to assure them that I have tried to merit this treatment, and will try to merit it hereafter. I will give you more money saving sales.

OSBORN MARRIED

Secretary of State Sidney P. Osborn and Miss Marjorie Grant of Phoenix were united in marriage, Tuesday evening in Los Angeles.

Sidney Osborn is a native of Phoenix, and is one of the best known young men in the state. He has the honor of being the first Secretary of State in Arizona, and the additional honor of being the youngest man ever to hold such a position in the history of the country.

Miss Grant has been a resident of Phoenix for several years, and is one of the most popular members of the younger set in the city.

One of the Most Beautiful Trips in the World at this Season

A trip from Safford to Fort Apache and the White River Indian Agency and return, a distance of 300 miles, in actual running time of 22 hours is the record made by E. W. Clayton and John J. Birdno in Clayton's Ford, without a puncture or any other mishap. They returned home Sunday night.

At San Carlos they were the guests of Mr. and Mrs. A. J. Lawshe and were given to understand that so long as they were under their roof they, Clayton and Birdno, could consider they owned it.

Mr. Lawshe has remodeled and added to the commanding officer's house until now he has a magnificent residence, surrounded by beautiful trees and lawns. He has added numerous other improvements, until, using Mr. Lawshe's own words: "I am making of San Carlos, known as the worst place in the world, the best place in the world."

The Saffordites were accompanied by Mr. Lawshe, his son, H. D. Lawshe, and John W. Goodall, of Goodall, N. D., general superintendent of live stock on the Indian reservations of the United States. The Lawshes returned from Black River and Mr. Goodall went in the Clayton machine from there to the White River Agency, where the Saffordites became the guests of Indian Agent C. W. Crouse.

Both Mr. Lawshe and Mr. Crouse have their heart in the work of taking care of the Indians under their charge and are making wonderful progress in teaching their wards the scheme of becoming self supporting. They have built a splendid road and are maintaining it clear through both reservations. The new bridge across Black river is a magnificent piece of work, and Mr. Lawshe is now distributing the bridge timber along the road from Carlos to Geronimo, and will soon have that road in first-class condition.

At Fort Apache the boys were treated with every courtesy by Lieut. Wm. B. Renziehausen, in fact the best "ingins" they struck on the trip were the Lawshes, Goodall, Crouse and Renziehausen.

If a person crossing the reservation will live up to the regulations they will be shown every courtesy possible by both Agents Lawshe and Crouse, but if you attempt to "fudge" or evade the regulations you will find yourself brought up standing in short order.

HONOR CONVICTS

In Jail for Drinking and Fighting Among Themselves

The Silver Belt reports that Chas. White a negro convict, presumably serving a life term in the Arizona state prison for murder, but in reality drunk on the streets in Globe, was arrested Monday afternoon by Sheriff Frank Haynes and is now in the county jail—sobering up.

The three others were brought in from the Honor Camp Monday afternoon by Deputy Sheriffs Rawlings and Voris, who went to the camp after them in an automobile.

When the officers arrived at the camp they found two of the convicts, who gave their names as Frank Williams, Jr., and Old Folks, tied up and ready to be loaded into the car. They had been drinking and fighting and were overpowered and bound by some of the other convicts.

One of them had his finger badly chewed by the other during the brawl.

Camp Superintendent Marvin, who came to Globe to enlist the assistance of the sheriff's office, stated that one of the gang had brought whiskey from Globe Sunday night. The cook, who says his name is Johnny Williams, is alleged to have brought the whiskey to camp.

When White, the life termer, was searched at the jail, about a dozen strychnine tablets were taken from him—enough to kill a man with. White said he bought the poison for another man.

President Kimball made all welcome, spoke of the Mexican refugees and briefly reported the condition of the stake.

Dr. Talmage was then introduced. Said he felt at home with the Mormon people in every condition of life. The gist of his talk was: "Accept and cling to the demonstrated truths of the past. Grasp the present truths and be eager to receive all the new truths."

Solo by Priscilla Phillips.

Reports of different religious branches were made by Richard Layton, Bishop Nations and Winford Moody.

Vocal duet, by Prof. Jones and Alma Sessions.

President Robinson enlarged on the subject of truth and said: "Truth is the Sum of Existence."

SATURDAY AFTERNOON

This session opened with a male quartet, followed by a piano duet.

President Kimball gave out notices and announcements.

Brief talk expressing appreciation of the gospel and all it contains, by J. F. Nash.

Duet, Mrs. Fred Jacobson and Miss Emma Jacobson.

Reports were made by J. W. Blazard, Joseph Lines and Bishop Tyler.

Solo, by President Joseph Robinson.

Male quartet.

Dr. Talmage expressed appreciation of the good reports. He said that the purpose of the conference and his business here was not to teach new truths, but "Lest We Forget." He developed the fact that "Ours is a practice church."

Said we should not be honest and charitable for policy, but for principle.

President Joseph Robinson then spoke of "Fasting, Its Benefits and Blessings."

The closing solo was given by Mrs. Fred Jacobson.

SUNDAY MORNING

The Thatcher Sunday school was invited to attend this session, consequently the house was so full that every available space had to be filled with chairs.

Many choice fruits, flowers and vegetables were placed on the stands which served as a pretty decoration and attracted much interest between sessions.

The Thatcher choir rendered some choice selections.

President Kimball made a brief talk on the products of the Gila valley.

Reports were made by John Bilby, E. C. Phillips and Cynthia Layton.

"Pilgrim's Chorus" was rendered by the choir.

Dr. Talmage then spoke, fitting his remarks to the children. He said: "The Latter Day Saints are taught correct principles, and then govern themselves. We can do as we please so long as we please to do right."

President Robinson told the story of the "King and the Palace."

SUNDAY AFTERNOON

After two choice selections from the choir and the opening prayer, the stake and general authorities were sustained.

The Academy was reported by A. C. Peterson and the Relief Societies by Elizabeth Layton.

Brief remarks by C. M. Layton.

President Kimball spoke on "Retrenchment." He said: "Live within your means, meet your obligations and live up to your professions."

Anthem by the choir.

President Robinson then gave a pathetic picture of the Mexican refugees as he met them in El Paso. He followed with the solo, "I'll Go Where You Want Me To Go, Dear Lord."

Dr. Talmage made the closing talk of the conference. He said: "We believe in toleration, but toleration is not acceptance. We believe all that God has revealed, all that He does now reveal and we believe that He will yet reveal many great and beautiful things. Do what you know to be your immediate duty and your future duty will be made clear to you."

Did You Ever Stop to Think How Much You Owe to Advertising

(By C. J. Halpern.)

Ninety million people owe most of their comforts, their luxuries, their degree of prosperity, and many of them their lives; to advertising, yet few of us even stop to think of it except as a necessary evil.

Through the publicity given a certain anti-toxin, that dread disease, diphtheria, which used to mow down our children as a reaper mows down grain, is hardly dangerous any more. We never cut a finger or scratch a hand but what we go straight to a bottle of advertised antiseptic (and this has no relation to so-called patented medicines).

When we arise in the morning, we put on an advertised stocking that saves us hours of weary labor. We touch a match to an advertised gas stove and save another half hour. We put on an advertised toaster and save our tempers and our digestion. We dress in advertised clothes (advertised either by the maker or the seller), and from then until the time we go to sleep again on an advertised bed; we are dealing with and living with publicity throughout the lifelong day.

We use it as our guarantee of quality or price, or good faith on the part of the seller. We act on it with full faith and we accept it implicitly at all times. We sometimes doubt the absolute veracity of what it claims, but we never doubt the dead certainty of the man who signed his name to it, either to make good what he claims or cheerfully to give us back our cash.

They say this is a day when no man can succeed without advertising, but it is even more than that, it is a day when no family can succeed without READING THE ADVERTISING.

If most people were as impervious to advertising as they think they are, they would be twenty-five years behind the times in everything they do.

The time has come when advertising has got to be treated as news, read as news and acted upon as news.

THE PEOPLE WHO DO NOT READ ADVERTISING, LIKE THE PEOPLE WHO DO NOT USE ADVERTISING, ARE GETTING FARTHER AND FARTHER BEHIND IN THE RACE EVERY YEAR.

Now, Mr. Merchant, wake up, get out and wake up the consumers of this valley, start a real advertising campaign through the columns of this live advertising medium, tell the people of this valley what you have, advertise in THE GRAHAM GUARDIAN, and live up to the times and to your advertising.

BAPTIST CHURCH

The subject next Sunday morning will be: "Christianity as Compared with Other Religions." The evening service will begin at 7:30 with a rousing song service, and there will be special music by the choir.

There will be a social on the grounds next Friday evening, September 27th.

Everyone will find a welcome at the Baptist church.

Notice to Farmers

You are no stronger than your nerves. When the nerves leading to the heart are pinched or compressed the heart will not receive its proper amount of innervation, which will cause improper functioning of the heart, or in other words, heart disease. The same applies to all other organs of the body. Chiropractic frees the nerves and equalizes the circulation and restores normal function. So if you have any ailments from which you have been unable to secure relief, I would be pleased to have you consult me. Consultation and examination free.
